CAPTAIN GUY LOPEZ

Illinois River Walleye

Join us July 12th in LaGrange - Guy's topics will be, Boat control to catch more fish, and walleye and sauger on the Illinois river.

Captain Guy Lopez has been a dedicated fisherman ever since his father put a cane pole in his hands at age three. He has lived in the Chicago area his entire life and has been smitten by the multitude of species available to be caught at his doorstep. He embraces a seasonal peak approach to fishing, targeting the best bite of the respective season. Fishing for multiple species has made Captain Guy a versatile, year-round angler. He runs Wild Dog Good Guyde Service and spends between 70 and 100 days on the water each year JOIN US at the American Legion Hall 900 S. La Grange, Road - La Grange, IL 60525 for our monthly fishing seminars, meals and the best fishing social club in the Chicago area.

We Meet Monthly & Talk Fishing!

The Riverside Fishing Club actually meets in Countryside, IL every month. Our meetings average around 65 fishermen and women and we have several families, kids that all gather to get regional fishing info, meet fishing buddies, have a meal and enjoy. The only club with a cash bar, meal, speaker and raffles! You can simply show up at the door - guest admission is just \$10 (and you can knock \$10 off joining if you join). Our meetings start at 6:30 with social time, fishermen meeting in the bar and then a meal.

We offer raffle prizes, cash bar and many other benefits of getting together to talk fishing monthly. **Join Us, call 630.235.2162.**

The Heat is On - July Fishing

July, it's usually the hottest month of the year. The days are still long and often the nights remain warm and humid. I think the fish do the same thing we do, get up early, eat and as it gets hot they seek shelter until the sun starts to get low in the sky and grab another bite to eat. Warm water increases their metabolism but also holds less oxygen, so the fish have to find cooler, well oxygenated water. On rivers like the Fox and Kankakee this often means fishing by riffles or shade producing lay downs or overhanging trees. Lakes can be tough.

Thermoclines may eliminate oxygen in deeper water. This can force fish to seek cover in the shallows. Docks, weed edges and thick mats of lily pads and grass often hold some great fish. Drop shoting wacky worms along deep weed edges and weedless frogs in the pads are two of my favorite presentations. Night fishing with dark, noisy lures can be exciting but be safe, things go bump in the dark!

Don't forget Lake Michigan! Perch season has reopened and jumbo perch at sunrise on soft shell crawfish can be great fun and provide great meals. July is a great month for Salmon and Trout on Lake Michigan. Skamania Steelhead often feed near the surface and fight like little missiles, King Salmon are eating voraciously and many will be over thirty pounds this year. Plus, it's cooler by the lake!

See you on the water!

Dan Carney

Lifetime Member Riverside Fishing Club

Paid Members can attend our board meeting 6:45pm Wed., June 25th - Papa Passero's 6326 South Cass Ave., Westmont.

Meetings held 2nd Thursday each month Doors Open at 6:15 p.m. Meeting runs 6:45 p.m. - 9:00 p.m.
